PERMIT FOR DRIVEWAY AND CULVERT

Goose Creek Street Address _____ Goose Creek Phone # _____
Home Phone # _____ Other Phone # _____
Contractor Name _____ Phone # _____
Expected Start Date _____ Expected Completion Date _____

***** Before this permit can be processed, the following steps must be completed.*****

- Mark exact location of driveway/culvert.
- Street Address and Plat/Lot Number must be clearly posted.
- Your property boundaries must be permanently marked at roadway .
- Will you be excavating in connection with your driveway? _____ YES _____ NO

NOTE: Call 1-800-DIGRITE before any digging!

Work cannot commence until your permit is approved. You will be notified. After installation, your driveway/culvert will be inspected to assure proper water flow will be maintained.

If you are installing a culvert, please be advised of the following:

- Maintaining your culvert is your responsibility.
- Failure to do so will result in its removal at your expense.
- Any expense to repair road damage caused by your culvert will be assessed to you.
- Only galvanized steel, concrete or high density polyethylene smooth-wall culvert pipes are permitted.
